INTERIOR
EXPERIENCES

ART

LIFE

Unit type: three-story villa

Area: 901 square meters (excluding basement and courtyard area)

Customer design requirements:

Luxurious and high-end, post-modern dark style.

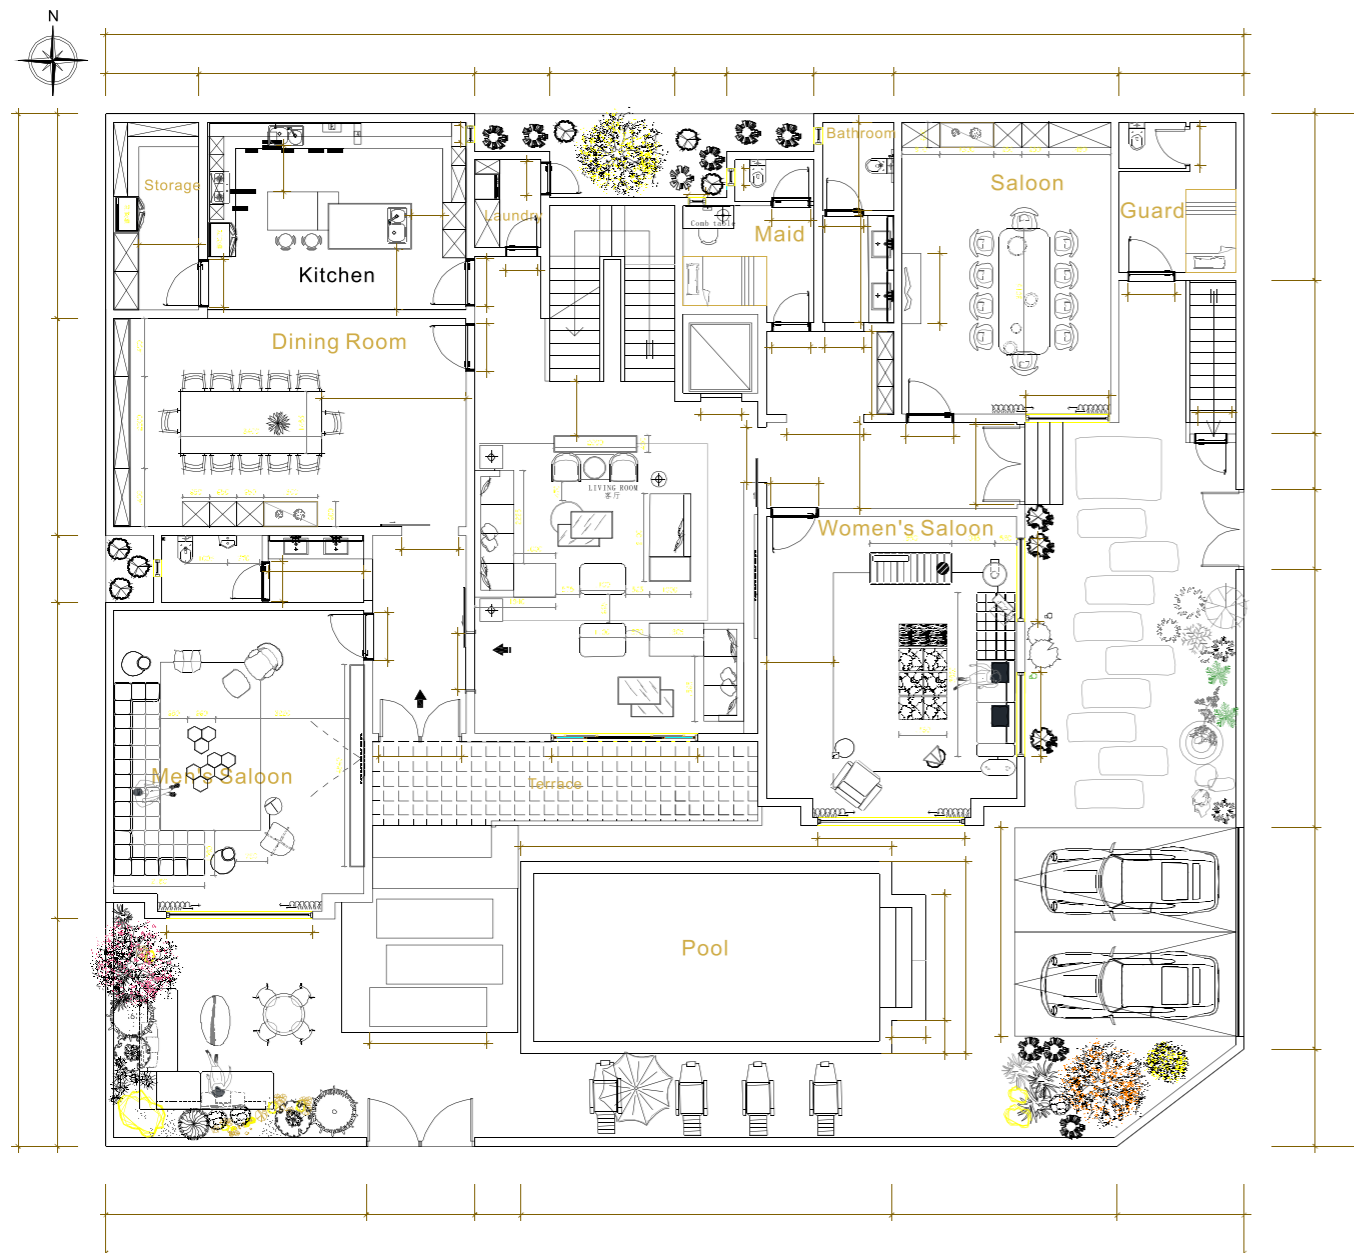

The space needs to be divided into spaces for men and women

Door and window materials must have good thermal insulation properties

Whole house smart home;

Requires the use of grille elements.

First Floor

Kitchen

Men's Saloon

The living room is a place for rest and entertainment. The design should focus on comfort and choose soft and comfortable furniture and decorations, such as comfortable sofas, soft carpets and cushions.

Storage Room

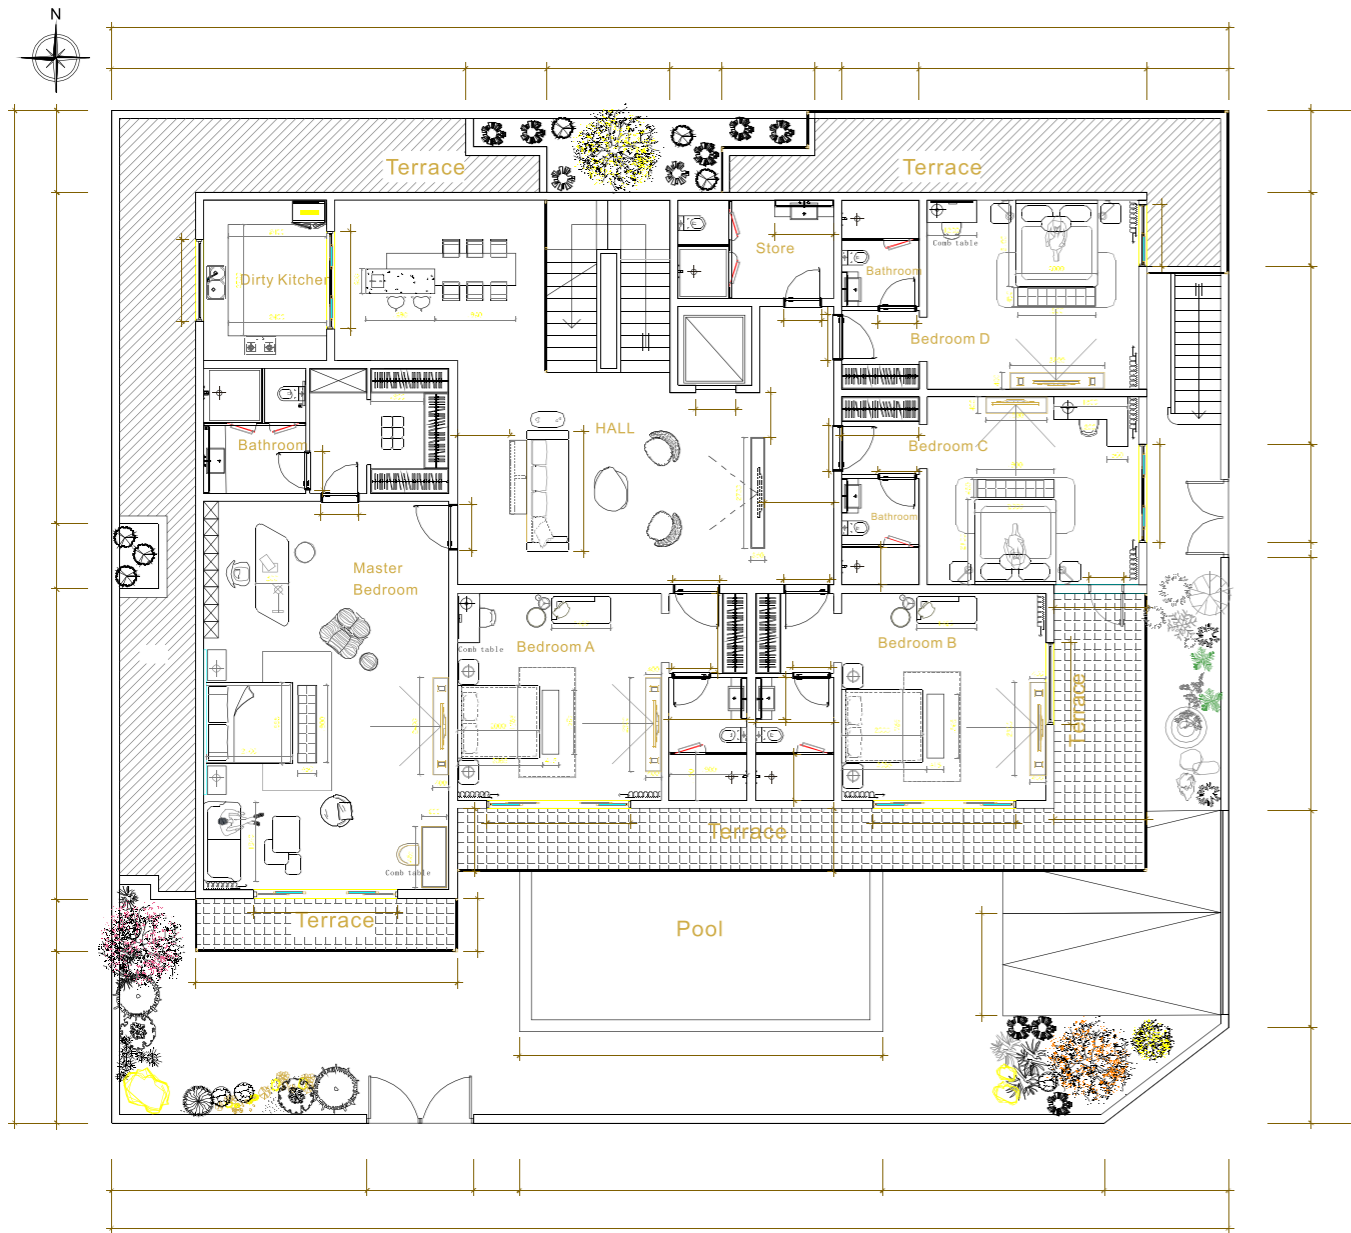

Laundry

Women's Saloon

Second Floor

Hall

Bedroom A

ART
LIFE

Reasonably divide the space, let the design integrate into life, and create nature, taste and style. Every detail is a reflection of art, and the whole house design is a poetic commentary on life.

Master Bedroom

Bedroom design should be simple but not complicated, avoiding excessive decoration and clutter. Minimalist design can provide a clean, tidy and relaxing environment. Choose colors and materials that suit your bedroom, and use the right lighting to enhance the overall aesthetic. Introducing natural elements such as plants, wood or natural tones can create a relaxing and soothing atmosphere.
